CONSERVATION CLINIC SYLLABUS

Time/Location: Thursdays 1:00 PM – 2:50 PM
CGR Conference Room
Bruton-Geer 232

Contact Information: Professor Tom Ankersen
ankersen@law.ufl.edu
(352) 273-0835

Office Hours: Thursdays 10:00 AM – 12:00 PM or by appointment
Office: BG 230

Course Description: The Conservation Clinic offers law and graduate students the opportunity to learn and gain valuable experience while working on contemporary conservation challenges that cut across a range of disciplines. Under the supervision of Director Tom Ankersen, law and graduate students work in teams for clients such as not-for-profit organizations, federal, state and local agencies, international organizations and even private sector entities where appropriate. Students learn to work within teams to achieve results that require a collaborative effort. Issue-based field trips of topical relevance are a staple of the clinic semester.

Course Objectives: Over the duration of this course, clinic students will be introduced to, and become proficient in, the following skills:

Over the duration of this course, clinic students will be introduced to, and become proficient in, various skills. By the end of the course, students should be able to:

- Explain and adhere to the procedure and ethics of time management, including billing practices.
- Structure project planning that encompasses both broad, overarching objectives as well as the individual component steps necessary to achieve those objectives
- Apply cross-cutting legal and policy analysis in fact-specific contexts
- Manage projects with regard to prioritization, professionalism, and client satisfaction
- Conduct legal, factual and interdisciplinary research independent of, or supplemental to, traditional proprietary legal databases
- Create professional law and policy deliverables and presentations that can lead to positive outcomes for clients and stakeholders.
- Speak professionally to audiences of varying levels of legal and policy sophistication.

Required Materials:
- There are no textbooks required for this course
- Reading materials will be distributed on a class-to-class basis
- Guest lectures will be offered on matters of topical interest to the Clinic

- Government-in-the-Sunshine Manual: A Reference for Compliance with Florida’s Public Records and Open Meetings Laws

### Class Attendance & Participation:
Students are expected to attend and participate in weekly clinic-wide meetings (“project rounds”) and weekly project small group meetings with team members and supervising attorneys. If a student is not able to attend one of these meetings, they should notify their supervisor via email in advance. Depending on the student’s project portfolio, and absent special individual circumstances, local and regional travel to client/stakeholder meetings may also be required. Participation in Clinic field trips is encouraged but not required. Students are expected to adhere to designated deadlines and ensure that their assigned project progresses in a timely fashion.

### Evaluation & Grading:
This course is offered on a pass/ fail basis. Successful completion of the course requires billing at least 120 hours of clinic related work throughout the duration of the semester as well as active participation during clinic and project meetings and satisfactory completion of assigned clinic project(s). This requirement conforms to ABA Standard 310. Depending on the project, satisfactory completion means that students will draft a scope of work/terms of reference for new projects, prepare graphic project management maps, create substantive project deliverables and associated presentations.

### Billing:
Clinic students are required to complete at least 120 hours of clinic related work in order to receive a passing grade in this course. While the majority of those hours must be spent working on the substantive project(s), with instructor permission, students may also bill up to the following number of hours for these additional categories:

- Continuing Clinic Education – 10 Hours
- Public Interest Environmental Conference – 10 Hours
• Field Trips – 10 Hours (5 hours per trip)
• Misc – 3 Total Hours (1 per activity; E.g. lectures outside the Clinic)

Billed hours must be logged into the designated Clinic Billing Time Sheet and submitted to your supervisor by 5:00 PM every other Friday. See attached Conservation Clinic Billing Schedule for billing periods and due dates.

Policy related to make-up exams or other work: The law school policy on delay in taking exams can be found at: http://www.law.ufl.edu/student-affairs/current-students/academic-policies#12.

Student Course Evaluations: Students can provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu. Evaluations are typically open during the last two or three weeks of the semester, but students will receive notice of the specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results/.

Academic Misconduct: Academic honesty and integrity are fundamental values of the University community. Students should be sure that they understand the UF Student Honor Code at http://www.dso.ufl.edu/students.php.

Statement related to accommodations for students with disabilities: Students requesting classroom accommodation must first register with the Office of Disability Resources. The UF Office of Disability Resources will provide documentation to the student who must then provide this documentation to the Law School Office of Student Affairs when requesting accommodation.

Weekly Course Schedule: This schedule is intended to provide a general overview of the upcoming clinic semester. Dates and times are subject to change.
