Introduction to Environmental Science
EVR2001 Class# 13926 (3 credit hours)
Fall Semester 2022
MWF Period 4 (10:40 – 11:30am) – Florida Gym 260

Instructor of Record
Dr. Ryan Good (he/him/his)
Email: ryangood@ufl.edu
Office Location: 2049 McCarty D
Office Hours: MWF 9 – 10am, or by appointment
Office Phone: 352-294-6348

Teaching Assistant
Jesse Borden
Email: jborden@ufl.edu
Office Location: 2053 McCarty D
Office Hours: MT 2:30 – 3:30pm, or by appointment

Undergraduate Assistant
Alexis Irvin
Email: alexis.irvin@ufl.edu

We are here for you! Please don’t hesitate to ask us for assistance!

This section of EVR2001 meets face-to-face. There is an attendance requirement for this section.

Course Description
Delivered from a systems perspective, an interdisciplinary approach explores contemporary environments that are comprised of both human and non-human elements. Explores physical, chemical, and biological processes to understand pressing environmental challenges and cultural values, attitudes, and norms expressed by individuals and populations around the globe.

Course Overview and Purpose
Environmental Science is an interdisciplinary academic field that integrates physical, biological, and social sciences for the study of environmental systems, processes, constraints, and problems. Throughout history, nature has contributed to shaping human cultures. In turn, a growing human population and continued economic and technological development subjects Earth’s environments to many stresses, in some cases threatening their persistence and often resulting in undesirable consequences for humanity. The interdependence of physical, biological, socioeconomic, and cultural aspects in shaping contemporary environments lies at the heart of environmental science.

This general education course will introduce you to environmental science as an academic field to improve your environmental literacy while developing skills in scientific reasoning, interdisciplinary thinking and analysis of complex social-ecological issues. Heavy emphasis is placed on comparing international perspectives on environmental problems and solutions to highlight the important role of culture in environmental matters.

Prerequisites
None
**Required Textbook**

EVR2001 is an Affordable UF course. Our course textbook is available as an eBook through UF All Access at a heavily discounted price. See [https://businessservices.ufl.edu/services/uf-bookstore/uf-all-access/](https://businessservices.ufl.edu/services/uf-bookstore/uf-all-access/) for information and support. Please note: It may take several days after the start of the semester for you to receive access to the textbook. That is okay; just complete any assigned readings as soon as you get it.

**Required Technology**
You need to have access to a personal computer or laptop with a working webcam and microphone in order to access all features of the course Canvas site and to participate in online office hours. Broadband internet access is required. Proctoring services are provided by Honorlock. You are expected to review the Honorlock system requirements and use their compatibility tool before the end of the drop/add period by visiting [https://honorlock.com/support/](https://honorlock.com/support/) and scrolling down to the Simple Single-Click Test section of that page. The student guide to testing with Honorlock can be accessed via [https://static.honorlock.com/assets/2017/students/HonorlockGuidelines.pdf](https://static.honorlock.com/assets/2017/students/HonorlockGuidelines.pdf).
If you do not wish to install Honorlock on your computer you may reserve proctoring booths at Library West instead. See [https://librarywest.uflib.ufl.edu/spaces/study-spaces-in-library-west/proctored-online-testing-booths/](https://librarywest.uflib.ufl.edu/spaces/study-spaces-in-library-west/proctored-online-testing-booths/) for details.

**General Education Objectives and Student Learning Outcomes**
This course is a physical (P)/biological (B) sciences as well as International (N) subject area course in the UF and Florida State Core General Education Programs.
The general education objectives will be accomplished in the context of this course through the following course objectives:

1) Students will be able to describe the process of scientific inquiry and apply scientific principles in cross-cultural and interdisciplinary contexts.

2) Students will be able to explain that ecosystems are comprised of physical and biological elements whose interactions engender ecosystem functions that provide humanity with a diverse array of ecological services.

3) Students will be able to discuss the complex and diverse relationships between humans and environments from local to global scales, including how cultural values shape patterns of resource use and valuation of ecological services.

4) Students will be able to differentiate between non-renewable, exhaustible, and inexhaustible material and energy resources, the physical and biological processes through which they are created, and associated environmental constraints.

5) Students will be able to apply interdisciplinary approaches to evaluating and proposing solutions for U.S. and international environmental problems, taking into account scientific and socioeconomic information, including cultural and political constraints.

6) Students will gain the ability to appraise environmental impacts of behaviors, choices, and activities in their personal lives.

Module-specific learning objectives are included in each lecture presentation, available through Canvas.
Course Structure

EVR2001 consists of 11 modules, each dedicated to an environmental topic. In general, you will move through each of these modules in the following sequence:

1. Complete assigned readings for important background information and context.
2. Apply what you have learned in the readings by completing a learning checkpoint assignment.
3. Watch the pre-recorded lecture materials to expand on the read material.
4. Reflect on the module’s content through engaging in end-of-module discussions with fellow students in small groups.

Grading Policies

Information on current UF grading policies for assigning grade points can be found at https://catalog.ufl.edu/UGRD/academic-regulations/grades-grading-policies/. A minimum grade of C is required for general education credit.

Grading scale

<table>
<thead>
<tr>
<th>Grade</th>

<td>150</td>
<td>15.0%</td>
</tr>
<tr>
<td>Attendance and in-class activities</td>
<td>300</td>
<td>30.0%</td>
</tr>
<tr>
<td>Exams (3 × 130 points)*</td>
<td>390</td>
<td>39.0%</td>
</tr>
<tr>
<td>International environmental issue essay</td>
<td>130</td>
<td>13.0%</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>1000</strong></td>
<td><strong>100%</strong></td>
</tr>
</tbody>
</table>

*Students who wish to drop one of their exam scores may take a cumulative final exam. The highest three of the four exam scores will count towards the final grade.*

Class Orientation Assignments: There will be a quiz during the first week of the semester to ensure that you understand important rules specified in this syllabus and are able to identify proper methods of citation. This quiz will be on Canvas and may be retaken an unlimited number of times up to the deadline until you are satisfied with your score. You will also complete an introductory discussion post.

Learning Checkpoint Assignments: In preparation for most modules, you will complete readings and respond to questions that reinforce the read material. These assignments include free response questions, completing worksheets, and visiting local parks and conservation areas. Emphasis will be placed on
applying scientific reasoning skills, such as formulating hypotheses and interpreting data. There are ten of these assignments to be completed during the semester. These assignments are graded through rubrics that are posted with the assignment instructions on Canvas. Citations and references are required in APA format unless otherwise stated in an assignment’s instructions. Direct quoting of sources is not allowed. A Turnitin.com score of less than 10% is expected for free response questions, not including your references.

Class Attendance and Activities: Students significantly contribute to creating a comfortable and productive learning environment by attending and participating productively in class. I encourage questions and sharing of relevant experiences! Grades are based on attendance, in-class activities, and frequency and quality of student contributions to the class. In-class activities can be excused (see attendance policies below) but cannot be made up.

International Environmental Issue Essay: You will watch a documentary film about an environmental issue outside the United States, and reflect on the causes, impacts, and possible solutions of the issue in the form of an 800-1000-word essay. This assignment is graded through a rubric that is posted with the assignment instructions on Canvas. Citations and references are required in APA format. Direct quoting of sources is not allowed. A Turnitin.com score of less than 10% is expected.

Exams: There are three 50-minute multiple choice exams during the semester that will assess your comprehension of course content, as well as a cumulative final exam. Grading is based on the number of correct answers. The highest three of the four exam scores will count towards the final grade.

Specific grading criteria for each assignment will be provided on Canvas. You are responsible for maintaining duplicate copies of all work submitted in this course until the end of the semester. In case of a grading dispute, you must notify the instructor via email within one week of the date the grade is posted. It is your responsibility to ensure that all assignments are successfully uploaded to Canvas. Missing, corrupt, or incompatible files may result in grade penalties up to a score of zero for the assignment.

Course Policies

Diversity and Inclusiveness Statement

Diversity is one of our biggest assets in the classroom and in environmental science. Different perspectives enrich our understanding of the variety of human-nature interactions and are imperative to developing just solutions to complex environmental problems. This classroom is a place where you will be treated with respect, and we welcome individuals of all ages, backgrounds, beliefs, ethnicities & races, genders, gender identities, gender expressions, national origins, religions (if any), sexual orientations, ability – and other visible and nonvisible differences. All members of this class are expected to contribute to a respectful, welcoming, and inclusive environment for every other member of the class. This does not mean that you are not allowed to disagree with others, but that such differences should be explored without ad hominem judgment. Should we inadvertently make a statement offensive to you, please let us know so that we may learn and grow from the incident.

Land Acknowledgement Statement

A Land Acknowledgement is a formal statement that recognizes and respects Indigenous Peoples as traditional stewards of this land and the enduring relationship that exists between Indigenous Peoples and their traditional territories. In particular, the University of Florida resides on land of the Timucua people and the Seminole Tribe of Florida. It is important to understand the long-standing history that has brought you to reside on the land, and to seek to understand your place within that history. Land
acknowledgements do not exist in a past tense, or historical context. For more information, visit http://www.lspirg.org/knowtheland

Attendance Policy
Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies. Click here to read the university attendance policies. There are no regularly scheduled class meetings for this section of EVR2001. There are, however, scheduled exams. Missing these will incur a score of zero unless you can provide evidence that the assessment was missed due to an excusable reason.

Excusable reasons:
- In case of illness, upon receipt of a doctor’s note or equivalent, or by following the procedure outlined here: https://care.dso.ufl.edu/instructor-notification.
- In case of religious holidays, by informing me via email at least one week ahead of time.
- In case of military duty, jury duty, participation in academic conferences, or participation in official university or UAA events, by providing appropriate evidence at least one week ahead of time.
- In case of family emergencies or other extenuating circumstances, by following the procedure outlined here: https://care.dso.ufl.edu/instructor-notification.
- In all other cases, or if you are unsure, please email me as soon as feasible. Absences are generally not excused for non-emergency travel and vehicle problems.

You are still responsible for turning assignments in on time unless an extension has been requested via email and approved by the instructor prior to the deadline. In case of true documented emergencies, the instructor may waive this requirement.

Make-up Policy
Exams missed for an excusable reason can be made up. For absences excused ahead of time, your instructor will develop a make-up plan and schedule. In case of documented illnesses or emergencies, arrangements for completing make-up exams or assignments should be made upon return to class. If experiencing truly extenuating circumstances resulting in longer absences, please notify me as soon as possible to develop a plan to make up missed work. Missed extra credit opportunities cannot be made up. Instructors reserve the right to offer an alternate format make-up exam. If you miss an exam due to a non-excusable reason, it will be considered your lowest-scoring exam and thus dropped from your final grade.

Late Work
You are responsible for turning assignments in on time unless an extension has been requested via email prior to the deadline. In case of true documented emergencies, we may waive this requirement. Technical difficulties are not an excuse for missing an assessment or assignment; you should have contingency plans in case any such issues arise. We recommend storing your documents on a cloud service that can be accessed from any device (Dropbox and OneDrive are free to UF students), and having a plan for internet outages (such as identifying a source for public WiFi near you or tethering through your cell phone). Try not to wait until the last minute to submit assignments!

Late assignments incur a late penalty of 20% per day. Exams and discussions may not be submitted late.

We highly recommend starting work on assignments early to preclude unexpected emergencies or late-semester stress from compromising your grade. Deadline extensions may be available on certain assignments if requested ahead of time via email, but must be justified. If extended deadlines are not met, late penalties will be assessed based on the original, not the revised due date!
Finally, please do not wait until the end of the semester to discuss problems with the course material or performance in class. Your performance and success are important to the instructor, the College of Agricultural and Life Sciences, and University of Florida, so please contact me to discuss your concerns as soon as they arise.

**Office Hours**
Please take advantage of virtual office hours to discuss any questions or concerns. Contact your teaching assistant for basic questions, help with assignments, and clarifications regarding grades and feedback. Contact me regarding absences, grading disputes, concerns about other students, and any other issues. If you cannot be present for the regularly scheduled office hours, we will attempt to accommodate you at an alternate time.

**Course Communications**
The preferred way to get in touch with your instructor or TA outside of office hours is via Canvas message or direct email from your official UF email account. Emails from outside providers, like Gmail, are not considered secure and will be ignored to protect student privacy. University policy dictates that grades cannot be discussed via email, so if you have a grade-specific question, you should ask it during office hours. You can expect a response within 24 hours on weekdays. All students are expected to check the course web site on Canvas (http://elearning.ufl.edu) daily. In addition, we may send specific communications directly to your UF email, which you should check daily as well. You should enable Canvas notifications for this class, so that you are notified immediately about grading, assignment feedback, due date changes, announcements, etc.

**External Communication**
You may use GroupMe or similar tools to communicate with other students about the class and environmental science-related topics. **You may not, however, discuss quiz and exam questions/answers with others, including quizzes and exams from the current or prior semesters, or collaborate on any assignments intended to be worked on individually.** Doing so constitutes academic dishonesty.

**Canvas Display Name Change**
Canvas uses the "Display Name" as set in myUFL. The Display Name is what you want people to see in the UF Directory, such as "Ally" instead of "Allison." To update your display name, go to one.ufl.edu, click on the dropdown at the top right, and select "Directory Profile." Click "Edit" on the right of the name panel, uncheck "Use my legal name" under "Display Name," update how you wish your name to be displayed, and click "Submit" at the bottom. This change may take up to 24 hours to appear in Canvas. This does not change your legal name for official UF records.

**Minimum Technical Skills**
To complete your tasks in this course, you will need a basic understanding of operating a computer and using word processing software.

**Technical Difficulties**
For help with technical issues or difficulties with Canvas, please contact the UF Computing Help Desk at: http://helpdesk.ufl.edu (Links to an external site.)
352-392-HELP (4357)
Walk-in: HUB 132

While technical difficulties are not generally an acceptable excuse, any requests for make-ups (assignments, exams, etc.) due to technical issues should be accompanied by the ticket number received from the UF
Computing Help Desk when the problem was reported to them. The ticket number will document the time and date of the problem. You should email your instructor within 24 hours of the technical difficulty if you wish to request a make-up.

**CALS and University of Florida Policies**

**Academic Honesty and Plagiarism**
As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.” You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied: "On my honor, I have neither given nor received unauthorized aid in doing this assignment.” It is assumed that you will complete all work independently in each course unless the instructor provides explicit permission for you to collaborate on course tasks (e.g. assignments, papers, quizzes, exams). Furthermore, as part of your obligation to uphold the Honor Code, you should report any condition that facilitates academic misconduct to appropriate personnel. It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students.

As your instructors, we want to emphasize that **PLAGIARISM, WHETHER INTENTIONAL OR UNINTENTIONAL, IS A SERIOUS AND POTENTIALLY CAREER-ENDING FORM OF ACADEMIC MISCONDUCT.** Copying and pasting *is never okay in academia*. Direct quotes are not commonly used in science writing; paraphrases accompanied by a proper citation should be used instead. Use of direct quotes of outside sources in this class will result in a loss of credit. Use of photographs or images without proper citation, both in-text and in a references list, is also considered plagiarism.

**Grades and Grade Points**
For information on current UF policies for assigning grade points, see [https://catalog.ufl.edu/UGRD/academic-regulations/grades-grading-policies/](https://catalog.ufl.edu/UGRD/academic-regulations/grades-grading-policies/)

**Course Evaluation Process**
Student assessment of instruction is an important part of efforts to improve teaching and learning. At the end of the semester, students are expected to provide feedback on the quality of instruction in this course using a standard set of university and college criteria. Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at: [https://gatorevals.aa.ufl.edu/students/](https://gatorevals.aa.ufl.edu/students/). Students will be notified when the evaluation period opens and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via [https://ufl.bluera.com/ufl/](https://ufl.bluera.com/ufl/). Summaries of course evaluation results are available to students at: [https://gatorevals.aa.ufl.edu/public-results/](https://gatorevals.aa.ufl.edu/public-results/).

**Software Use**
All faculty, staff and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against university policies and rules, disciplinary action will be taken as appropriate.

**Services for Students with Disabilities**
The Disability Resource Center coordinates the needed accommodations of students with disabilities. This includes registering disabilities, recommending academic accommodations within the classroom, accessing special adaptive computer equipment, providing interpretation services and mediating faculty-student disability related issues. Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the instructor when requesting accommodation.

You must submit this documentation prior to submitting assignments or taking quizzes or exams. Accommodations are not retroactive; therefore, students should contact the office as soon as possible in the term for which they are seeking accommodations. The DRC may be contacted by visiting 001 Reid Hall, calling 352-392-8565, or visiting their website at [www.dso.ufl.edu/drc/](http://www.dso.ufl.edu/drc/).

**Student Complaints**
Residential Course: [https://sscr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/](https://sscr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/)
Online Course: [http://www.distance.ufl.edu/student-complaint-process](http://www.distance.ufl.edu/student-complaint-process)
Netiquette and Communication Courtesy
It is important to recognize that the online classroom is in fact a classroom, and certain behaviors are expected when you communicate with both your peers and your instructors. These guidelines for online behavior and interaction are known as netiquette.

Security
Remember that your password is the only thing protecting you from pranks or more serious harm.
- Don't share your password with anyone.
- Change your password if you think someone else might know it.
- Always log out when you are finished using the system.

General Guidelines
When communicating online, you should always:
- Treat the instructor with respect, even via email or in any other online communication.
- Always use your professors’ proper title: Dr. or Prof., or if you are unsure use Mr. or Ms.
- Unless specifically invited, don’t refer to a professor by their first name.
- Use clear and concise language.
- Remember that all college-level communication should have correct spelling and grammar.
- Avoid slang terms such as “wassup?” and texting abbreviations such as “u” instead of “you.”
- Use standard fonts such as Times New Roman and use a size 12 or 14 point font.
- Avoid using the caps lock feature AS IT CAN BE INTERPRETED AS YELLING.
- Limit and possibly avoid the use of emoticons like :) .
- Be cautious when using humor or sarcasm as tone is sometimes lost in an email or discussion post and your message might be taken seriously or be construed as being offensive.
- Be careful with personal information (both yours and others).
- Do not send confidential information via email.

Email
When you send an email to your instructor, teaching assistant, or classmates, you should:
- Use a descriptive subject line.
- Be brief.
- Avoid attachments unless you are sure your recipients can open them.
- Avoid HTML in favor of plain text.
- Sign your message with your name and return email address.
- Think before you send the email to more than one person. Does everyone really need to see your message?
- Be sure you REALLY want everyone to receive your response when you click, “Reply All.”
- Be sure that the message author intended for the information to be passed along before you click the “Forward” button.

Discussion Boards
When posting on the discussion board in your online class, you should:
- Check to see if anyone already asked your question and received a reply before posting to the discussion board.
- Remember your manners and say please and thank you when asking something of your classmates or instructor.
- Be open-minded.
If you ask a question and many people respond, summarize all posts for the benefit of the class.

When posting:
- Make posts that are on-topic and within the scope of the course material.
- Be sure to read all messages in a thread before replying.
- Be as brief as possible while still making a thorough comment.
- Don’t repeat someone else’s post without adding something of your own to it.
- Take your posts seriously. Review and edit your posts before sending.
- Avoid short, generic replies such as, “I agree.” You should include why you agree or add to the previous point.
- If you refer to something that was said in an earlier post, quote a few key lines so readers do not have to go back and figure out which post you are referring to.
- Always give proper credit when referencing or quoting another source.
- If you reply to a classmate’s question make sure your answer is correct, don’t guess.
- Always be respectful of others’ opinions even when they differ from your own.
- When you disagree with someone, you should express your differing opinion in a respectful, non-critical way.
- Do not make personal or insulting remarks.
- Do not write anything sarcastic or angry, it always backfires.
- Do not type in ALL CAPS, if you do IT WILL LOOK LIKE YOU ARE YELLING.

Zoom
When attending a Zoom class or meeting, you should:
- Do not share your Zoom classroom link or password with others.
- Even though you may be alone at home, your professor and classmates can see you! While attending class in your pajamas is tempting, remember that wearing clothing is not optional. Dress appropriately.
- Your professor and classmates can also see what is behind you, so be aware of your surroundings.
- Make sure the background is not distracting or something you would not want your classmates to see.
  - When in doubt use a virtual background. If you choose to use one, you should test the background out first to make sure your device can support it.
  - Your background can express your personality, but be sure to avoid using backgrounds that may contain offensive images and language.
- Mute is your friend, especially when you are in a location that can be noisy. Don’t leave your microphone open if you don’t have to.
- If you want to speak, you can raise your hand (click the “raise hand” button at the center bottom of your screen) and wait to be called upon.
Campus Helping Resources

Your wellbeing is important to me and the University of Florida community. Students experiencing crises or personal problems that interfere with their general wellbeing are encouraged to utilize the university’s counseling resources. The Counseling & Wellness Center provides confidential counseling services at no cost for currently enrolled students. Resources are available on campus for students having personal problems or lacking clear career or academic goals, which interfere with their academic performance.

- **University Counseling Center & Wellness Center**, 3190 Radio Road, 352-392-1575. Counseling Services, Groups and Workshops, Outreach and Consultation, Self-Help Library & Wellness Coaching.  
  [http://www.counseling.ufl.edu/](http://www.counseling.ufl.edu/)

- **U Matter We Care**, 352-292-2273. UF’s umbrella program for UF’s caring culture. Provides students in distress with support and coordination of the wide variety of appropriate resources.
